

Bankmore Square re-opened to the public on June 28th, 2023, following extensive regeneration work led by Linen Quarter BID and co-funded by Department for Communities, with support from Department for Infrastructure.

This temporary intervention has boasted the social space within the City Centre by relaying existing grass lawns and repairing existing paths within Bankmore Square, while adding new green features such as a wildflower garden and tree wrapped lighting to improve walkability at night. This alongside our extensive events and animation program in the Square has supported Bankmore Square to become a more safe, usable and accessible public space.
